

IMPORTANT INSPECTION INFORMATION

ALL BUILDERS ARE RESPONSIBLE FOR SCHEDULING INSPECTIONS WITH EACH OF THE TOWN OFFICIALS LISTED BELOW. NO CERTIFICATE OF OCCUPANCY WILL BE RELEASED BY THE BUILDING INSPECTOR UNTIL THE FINAL INSPECTIONS HAVE ALSO BEEN PASSED BY THE PUBLIC WORKS INSPECTOR AND ENVIRONMENTAL SPECIALIST. THE BUILDER MUST CONTACT THE PUBLIC WORKS INSPECTOR AND ENVIRONMENTAL SPECIALIST DIRECTLY FOR ALL INSPECTIONS.

Building Inspections –

Building Inspections should be scheduled with the Town Inspector by calling him directly at 706-654-3915 ext. 1007. Inspections include footings, slab, framing, insulation, electrical, plumbing, mechanical, fuel gas, rough-ins, and finals. Inspections are conducted on Tuesday (8am-12am), Wednesday (8am-5pm), and Thursday (8am-12pm). You must provide your permit number when making an inspection request.

Randy Batey – Building Inspector

Public Works Inspector – Sidewalks and Driveways

Sidewalks, driveways, curbing, streets, water/sewer tap inspections are performed by the Public Works Inspector.

Please note that builders **MUST** contact the PW inspector when forms for sidewalks and driveways are laid out for an inspection. This inspection must occur before concrete is poured.

PW Inspector Contact Info:

Bill Murphy

Phone Number – 706-654-3915 ext. 1025

E-mail – bmurphy@braselton.net

Erosion and Sedimentation Control Inspections

The Environmental Specialist will conduct routine inspections on building lots and construction sites to ensure compliance with erosion and sedimentation control plans and regulations.

Yvette Wise
